

DUEL of Thoughts

We invite you to the mid term jury of the our studio - The Practice! "Duel of Thoughts" is a debate game where each participant defends their ideology against the other.

The concept of this debate is slightly different. There is no "For versus Against". Instead each pair only argues **"for"** their ideology, position, core values etc.

You have 1 minute to explain -

What is the most important thing in your practice and thus your design ideology?

You must win the debate by articulating sharply your point of view and answering all questions thrown your way!
